# Welcome to the Sixth Form at St Julian's School

*Sixth Form study is an exciting opportunity that will allow you to progress to higher levels of achievement and broaden your career choices. We work very closely with a network of external providers that inspire our students to achieve the highest and in turn place great emphasis on students' personal development.*

Welcome

*You will, therefore, have the opportunity to take part in a diverse range of enrichment activities that will allow you to broaden your interests, build your self-confidence and develop vital interpersonal skills. We also will expect you to play a key part in the St Julian's community, acting as a positive role model to younger students and contributing towards making the school a great place to be.*

*I look forward to seeing  
you in*

*September.*

**Mr. T**

**Welcome**

# Josh Bolton - Copy Editor - Esquire Magazine

*“St Julian’s Sixth Form was a game-changer in my education. Given greater responsibility for my learning pathway, I evolved from passive pupil to curious student. Embracing the independence afforded to me, Post-16 study gave me the necessary springboard to mature and develop - and ensured I was suitably prepared for my next steps.”*

# Rubarb Ali - Graduated Birmingham University 2019 1st Class Honours - Philosophy

*“St Julian’s played a big role in building my confidence and providing opportunities through my role as Head Girl. At Post-16 the lessons inspired me to think independently, work hard and dream big! For all the success I have achieved in school, at university and beyond — I am thankful to my teachers at St Julian’s.”*

# Jack Baggs - Actor

*“Sixth form at St. Julian’s gave me a wealth of experience beyond just the academic. Under the guidance of Mr. Thomas and his team I grew in confidence and gained a belief in myself which has been invaluable in both my personal and professional life. This is something I’ll be forever thankful for.”*

# Mackenzie Steed Headgirl

'The greatest gifts St Julian's sixth form have given me, are the opportunities and skills to work as an individual, as well as, incorporating individuality whilst working in a group. My gifts, in return to St Julian's school will be the success I achieve in my chosen career path.'

# Dellux - Music Producer

**“St Julian’s gave me the dedication, self belief and hard work, which has lead me to a point where now, at 21 me/my band are on the cusp of signing a major record deal with Sony. So yes, you can do what you love as a career, you just have to realise what it is that you want. In school, I worked hard and made sure to got work done when it needed to be.”**
