Sherlock Holmes - Whodunnit?

Select the correct culprit for each of the Crimes that you have solved in the Whodunnit? exercise.

Copy and paste the following Link to your Browser:

[http://www.mcrammond.com/ict/ICT%20stem%20\(f%20Work/resources/robomind/rob42.doc](http://www.mcrammond.com/ict/ICT%20stem%20(f%20Work/resources/robomind/rob42.doc)

Crucial: Use < > symbols for smaller and greater than values using height and age.

Solve 16 cases and make a note of the Culprits

*To complete all cases you will need to go back to the 10 cases and skip the ones that you have already completed.

Tick the correct culprit for every case that you have solved in the case files below.

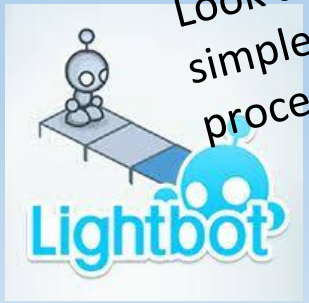

Sherlock wishes you well!

The Stolen Status

- Mr. Watson
- Lucy Smith

What do database records look like?

Look at some simple procedures.

You will make a cartoon strip.

Cyber bullying could cost you!
