

Dear Parent/Carer and Pupil,

Join us at Wales' Post 16 Virtual Open Days.

Due to COVID-19 many planned events, like open days, that had been scheduled have now been cancelled. We know how important open days can be in helping you to make up your mind about your next steps, so we are working with the Welsh Government to bring our open day to you.

On **July 9th at 12 pm**, we will be participating in the South East Wales live **Virtual Open Day** to give you a real feel for what it is like to study at St Julian's School including information about our subject choices, entry requirements, our recent successes at Post-16, Post-18 destinations and testimonials from our current and former students.

It doesn't matter if you think you have made up your mind or you are still undecided about what you want to do next, you will have all the information you need to make the right decision for you.

To find out how you can join the South East Wales Virtual Open Day, call Working Wales on 0800 028 4844 or go to [South East Wales Virtual Open Day](#)

You can also find further information regarding the Sixth Form at St Julian's School by accessing the school website:

[St Julian's High School](#)

If you have any further questions please do not hesitate to contact me.

Kind regards

Lewis Thomas

Lewis Thomas

Head of Post-16
