21 May 2021

Dear parents/carers

It is always a delight to share positive news stories about our students from our local community. Yesterday, some of our students helped to support an incident on Caerleon Road after a member of the public was taken ill and collapsed. The members of the public at the scene were incredibly complimentary about our students. Well done to those involved.

Balanced with this, we do get requests, from time to time, from the local community to share any concerns. We have had reports from the local community and the police of large gatherings of young people in Beechwood Park on weekends. We've been asked to inform parents of their concerns and remind our young people about the Covid rules related to large groups are still in place,

Year 11, Year 12 and Year 13 Students - Qualifications Wales Review and Appeals

Qualifications Wales (QW) and the WJEC have shared further information about the review and appeals processes this week. When GCSE, AS and A Level provisional CDGs are shared on Wednesday 23 June 2021, if a student feels an error has been made, they can request a review. Information will be shared with our students next week and more details can also be read [here](#) (see slide 11 in the embedded presentation). Qualification Wales are also keen to hear students' views on the process of assessments this year. If you would like to share your thoughts, please complete their survey [here](#).

Year 7 to Year 10 Exams

Our younger years have exam weeks coming up over the next six weeks. Information for each year's exams can be found in the letters below. It is important that students prepare themselves for each exam. This includes knowing the topics covered in each subject and revising thoroughly. The outcomes of these exams will be used to measure students' progress and assist with setting for next year. Results will form part of the overall data that will be shared in a full report at the end of term.
