

29 April 2022

Dear Parents/Carers,

Welcome back! I hope everybody had an enjoyable Easter break with their families and our students had an opportunity to recharge the batteries for what will be a busy term.

For our Year 11 and Post 16 students, exams for all their subjects start in a few weeks and for Year 10 students, they have their external English Literature and science exams. This will be the first external exam session since before the pandemic. For many students, this will be the first time they have sat an external exam. The next few weeks are going to be important for them to ensure they give themselves the best possible chance of success..

For our Year 7 to Year 10 students, they have another term of new learning ahead of them. In addition, they will also spend time ensuring that they can remember and apply what they have learned so far this year in exams at the end of June.

National Tests

All students in Years 7, 8 and 9 will be sitting their National Tests between 9th and 27th May 2022. These will be completed during their ICT and PDS lessons. There will be three tests in total: reading; numeracy procedural; and numeracy reasoning. For further information please refer to this website: [Personalised assessments: information for parents and carers](#). The timetable for the tests can be found [here](#).

And finally...

We would like to wish Eid Mubarak to all our Muslim families.

Yours faithfully
